

Message from the President

2018 is now well under way!

KCMTA has many great events coming up. The concerto competitions are set for February 10 at Schmitt, and on February 27 we have our next general meeting and workshop. The fabulous Dr. Mia Hynes of UCMO will discuss music of the classical period, our next Fall Festival theme. You should also be ready for the upcoming deadlines for Music Progressions, the Achievement Auditions, and our Outstanding Teacher Service award. Please see our website calendar for more information. Finally, I hope to see you all in Florida for the 2018 National Conference. Please let me know if you plan to attend!
