KCMTA Fall Festival Recital Etiquette

We hope you have an enjoyable musical experience as we celebrate composers of the Baroque Era. As an audience member, you play a special role as you encourage students with your applause. Please remember the experience happening between the student and the judge is the most important thing happening in the room.

Taking Videos: You may record your child's performance, but you do not have permission to record other people's children. Your recording may not interfere with the performance or block the view of others, especially the judge's. It is best to record from your seat rather than standing up to move closer to the piano, thus adding undue pressure on the performer.

Parental and Teacher Interference: Once the student heads to the bench, there is nothing to say that would be helpful to the student. Such interferences are intimidating to both the student playing and the students who are part of the audience. If there is ANY interference (other than setting up a pedal extender or other needed equipment), the Monitor will report it to the Recording Room and the student will have one point docked from the rating.

Young children: If you are accompanying a restless child, exit quickly. Please do not wait for the Monitor to ask you to leave. If you anticipate a young child will be fussy, please keep them busy in the hallway until the recital is over. It would be better to miss the performance of your child than to allow the sibling to become a distraction for others.

Thank you for doing your part to make this day a pleasant one for the students who have worked so hard to honor the music of the Baroque Era. We hope to see you next year when we celebrate the music of the Classical Era.

**KCMTA wishes to thank MidAmerica Nazarene University for
allowing us to use their building and pianos.**
