

BEETHOVEN AT 250

2020 SUMMER PIANO AND ORGAN INSTITUTE

Students are enthusiastically invited to join us for the 33rd year of the University of Central Missouri Summer Piano Institute. This year our curriculum will include organ study in addition to our piano activities! We are honored to welcome Dr. William McCandless as a guest faculty artist for group class (beginners) and private instruction (students with previous experience). Students will have access to the organ in Hart Recital Hall all week for practice and exploration.

We will also be celebrating the 250th anniversary of Beethoven's birth with faculty recital performances and a focus on his work in our piano literature workshop.

Whether you are just beginning your musical education or are a serious student headed for a college music major, there's a place for you at UCM SPOI 2020!

APPLY NOW! JUNE 21-26

ABOUT THE INSTITUTE

Students will enjoy daily private lessons and classes in keyboard literature, music theory, and performance skills. Theory class is divided into two sections. One is for students on a college (music) preparatory track and touches on topics that may be covered in college assessment tests and/or the first semester of college music theory. The second section is for students who are at a more rudimentary level of skill development. We also will have our ever-popular Monster Piano Ensemble Reading Event. Visit ucmpianoinstitute.com for repertoire lists for the Monster event.

Ample practice time has been scheduled for each day of the camp on our beautiful Steinway pianos. Counselors will be available during practice hours to answer questions and help with practice techniques. Outside of class and practice time, recreational activities will take place at a Warrensburg park. Friends and family are invited to attend the Friday Finale camp recital in Hart Recital Hall. All students will perform, and have the option of doing a solo or ensemble piece.

COST

Fee of \$500 includes five nights lodging in one of the university's air-conditioned residence halls, meals from Sunday through Friday, a camp t-shirt, and all planned recreational activities. The fee for commuters is \$330; meals may be purchased at an additional cost (contact Dr. Hynes for more information). The deadline for application is June 12. The fee will be refunded in full if the student withdraws before June 12. After that date, a \$50 administrative fee will be deducted from the refund.

WHO MAY ATTEND

UCM Summer Piano & Organ Institute is for students who were in grades 7-12 during the 2019-20 academic year, and have had at least three years of private piano or organ instruction.
